

Kauri Park

VOLUNTEERS NEEDED!

Kauri Park, off Rangatira Road, Birkenhead, has fine stands of large kauri trees with the oldest examples to be found in the northern end of the park. The park is noted for seasonal changes in its rich mix of ferns and flowering species, including native orchids.

We are looking for residents who live near the park to get involved with “Getting the Job Done” on the Kauri Park restoration.

OUR AIMS ARE...

- To enhance the experiences of the many visitors to the bush walks in this area.
- To provide appropriate training for our volunteers, and for new residents living in the area that may like to get involved in their own backyard.
- Work with the Kaipatiki Local Board to ensure our aims and objectives are achieved through a partnering model.
- To have on-going connection with the Kaipatiki Restoration Network

To be kept informed on what is happening, contact Malcolm.
